Anderson's Dental Implants Practice of Choice

At Carolinas Center for Oral & Facial Surgery, our passion is to help patients smile confidently. We value you as an individual and strive to provide superior care and exceptional treatment experiences. So if missing teeth are impacting your smile's form and function, our dental implants and full-arch treatments can improve your quality of life and confidence. We are also experts in tooth extractions, including wisdom teeth removals and more.

Specializing in Oral & Maxillofacial Surgery

Our multi-specialty practice is known for proficiency and experience with a broad range of oral and maxillofacial conditions. We will partner with you to understand your concerns, educate you on treatment options, and develop a comprehensive treatment plan to meet your needs. To achieve the best patient outcomes, we provide a full spectrum of dental implant, tooth extraction, and oral surgery solutions, plus in-house anesthesia for comfort.
