Lexington's Dental Implants and Oral Surgery Practice of Choice

Exceptional care leads to exceptional results. From safe and gentle wisdom teeth removals to custom-designed dental implants that restore function and form to your beautiful smile, our board-certified oral surgeons provide an individualized approach to advanced oral and facial treatments that are always focused on your unique needs and comfort.

Specializing in Oral and Maxillofacial Surgery

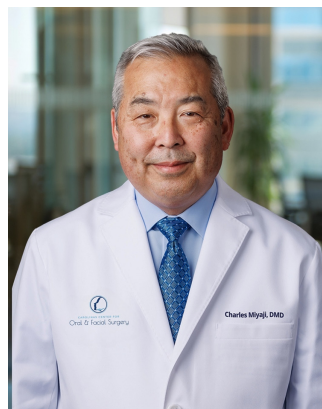

Our oral surgeons in Lexington provide more than just oral surgery procedures. We are trusted partners in your oral health journey. Our doctors are specialists in diagnosing and treating a wide range of oral and facial conditions impacting the head, neck, mouth, jaw, and face—from simple tooth extractions to complex reconstructive facial and jaw surgeries. With dental implants or full-arch treatments, we can help you regain form and function of your teeth and a beautiful, healthy smile. We also diagnose and treat facial pain and provide sleep apnea and TMJ treatments.
